

**Welcome to summer everyone,**

We have missed seeing and speaking with all our friends and supporters of the KDH Foundation. Won't it be nice if we are able to get together this Fall to reconnect with a socially distanced outdoor reception in our lovely front garden.

We are happy to provide you with this update on upcoming foundation activities and news.

Watch for updates in

the coming weeks.

### \$261,554 for new surgical microscope

KDH Foundation recently granted \$261,554 to Kemptville District Hospital to purchase a state-of-the-art microscope for the operating room at KDH.

In collaboration with the Ottawa Hospital, KDH is now performing spinal discectomies.

This new microscope provides high image definition that is essential for these types of intricate surgeries and having this microscope will allow KDH to expand its orthopedic services.

We were delighted to receive a \$1,000 donation from Mr. Eric Shewan after his recent stay at KDH. Mr. Shewan made the donation in recognition of the great care he received while in Hospital.

Donate your car to charity, receive a tax receipt!

Remember to specify that you would like your donation to go to the Kemptville District Hospital Foundation.

Thank you to the Kemptville Lions Club for their \$1,000 donation.

There are many ways you can help your local hospital.

If you would like to make a donation you can do that online at [www.kdhfoundation.ca](http://www.kdhfoundation.ca) or call us at **613-258-6133 x 157.**

We need to work together to ensure our Hospital has the tools to keep our community healthy!

**Thank you!**
